Disclaimer

This document is only provided for information purposes and does not constitute, nor should it be interpreted as, an offer to sell or exchange or acquire, or an invitation for offers to buy securities issued by any of the aforementioned companies. Any decision to buy or invest in securities in relation to a specific issue must be made solely and exclusively on the basis of the information set out in the pertinent prospectus filed by the company in relation to such specific issue. No one who becomes aware of the information contained in this report should regard it as definitive, because it is subject to changes and modifications.

This document contains or may contain forward looking statements (in the usual meaning and within the meaning of the US Private Securities Litigation Reform Act of 1995) regarding intentions, expectations or projections of BBVA or of its management on the date thereof, that refer to or incorporate various assumptions and projections, including projections about the future earnings of the business. The statements contained herein are based on our current projections, but the actual results may be substantially modified in the future by various risks and other factors that may cause the results or final decisions to differ from such intentions, projections or estimates. These factors include, without limitation, (1) the market situation, macroeconomic factors, regulatory, political or government guidelines, (2) domestic and international stock market movements, exchange rates and interest rates, (3) competitive pressures, (4) technological changes, (5) alterations in the financial situation, creditworthiness or solvency of our customers, debtors or counterparts. These factors could cause or result in actual events differing from the information and intentions stated, projected or forecast in this document or in other past or future documents. BBVA does not undertake to publicly revise the contents of this or any other document, either if the events are not as described herein, or if such events lead to changes in the information contained in this document.

This document may contain summarised information or information that has not been audited, and its recipients are invited to consult the documentation and public information filed by BBVA with stock market supervisory bodies, in particular, the prospectuses and periodical information filed with the Spanish Securities Exchange Commission (CNMV) and the Annual Report on Form 20-F and information on Form 6-K that are filed with the US Securities and Exchange Commission.

Distribution of this document in other jurisdictions may be prohibited, and recipients into whose possession this document comes shall be solely responsible for informing themselves about, and observing any such restrictions. By accepting this document you agree to be bound by the foregoing restrictions.

- NII impacted by lower activity and lower ALCO contribution
- Negative trend in fees and commissions
- Continuous cost control. Additional restructuring charge in 3Q16 to improve efficiency (53 €m)
- Significant decrease in loan-loss provisions

Activity

- Growth in commercial not offsetting deleveraging in mortgages and public sector
- Focus on profitable growth

(1) Performing loans under management. (2) Includes mutual funds, pension funds and other off balance sheet funds.

Note: Activity excludes repos

SPAIN BANKING ACTIVITY Key Ratios

Customer Spread

- Active price management in a low interest rate environment
- Lending yield: Small Euribor repricing pending
- Cost of deposits: Still room for improvement

Risk Indicators

- YtD cost of risk evolution better than guidance
- NPLs flows progressively improving (-15% vs 3Q15 and -4% vs 2Q16)

Efficiency

- Evolution affected by CX
- € 200 Mn cost synergies from CX, achievable in 2017 (i.e. 6% of current cost base)
- Ongoing efficiency initiatives

SPAIN REAL ESTATE ACTIVITY Highlights

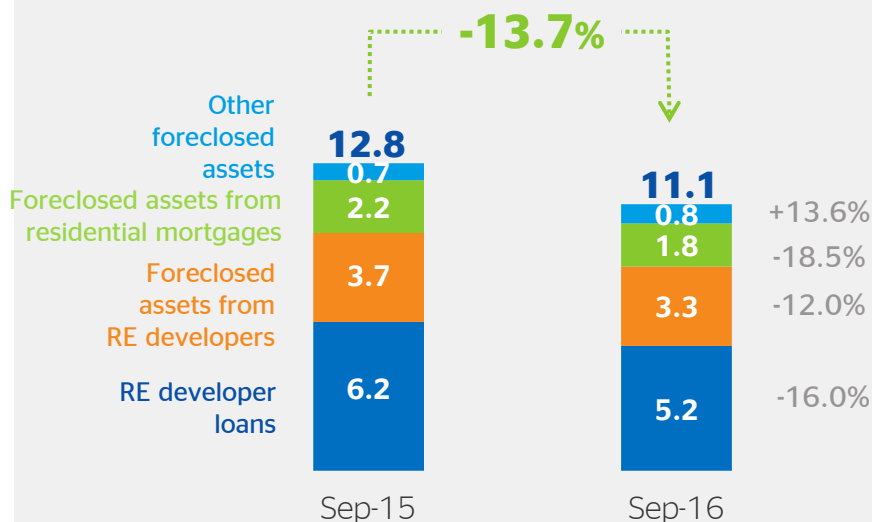

Net attributable profit

(€m)

Net exposure

(€bn)

- Positive market trends (prices¹ +2.0% and demand² YtD +13.2%)
- Lower P&L negative impact

- Ongoing exposure reduction

Note: Net exposure according to Bank of Spain's "RE" transparency scope" (Circular 5-2011). This perimeter does not include the effect of portfolio transfer from RE to Spain Banking Activity

(1) Data of Notary Public Register Jun.16 vs Jun.15

(2) Data of Notary Public Register Aug 8M16 vs 8M15.

Net Attributable Profit	179	-7.4	-13.9	576	2.2

Activity

(constant €)

- Tax impact due to non-deductible hyperinflation adjustment

- Activity decelerating towards more sustainable levels

(1) Performing loans under management
Note: Activity excludes repos

SOUTH AMERICA Key Ratios

Customer Spread

- Deterioration of spreads, especially in Colombia and Chile

Risk Indicators

- Slight worsening of NPL ratio affected by moderate growth of macro environment, in line with expectations.
- CoR evolution YtD better than initially expected

Efficiency

- Exposure to hyperinflationary economies
- General expenses negatively impacted by FX in y-o-y terms (appreciation of the USD vs. local currencies)

Takeaways & Delivery on our 6 strategic priorities

- ✓ Solid core revenue growth
- ✓ Cost control efforts supported by additional restructuring charges to gain efficiencies offset by higher NTI
- ✓ Sound risk indicators
- ✓ Earnings resilience provided by a well-diversified footprint
- ✓ CET1 FL 11% target achieved in advance
